

Instructions to Assist with Elective Subject Selections

Year 9, 2026

Year 9, 2026 One School Online Elective Subject Selections will be open from Monday 18th August 3PM – Friday 22nd August 3PM.

Students should have carefully considered their individual study options before making final choices. Students and parents / carers are strongly encouraged to consult the Year 9 Curriculum Guide ([here](#)) for information about subjects.

Choosing your elective subjects

In Year 9, students have the opportunity to study two (2) elective subjects in **each** semester. Although there will be some inherent subject knowledge carryover from Semester 1 to Semester 2, most elective subjects are designed so that students can study either semester without studying the other.

Students will need to:

- **Select four (4) elective subjects:** These subjects should be ranked in the 'Subject Selection Rank Order'.
- **Select two (2) second "preference" subjects:** There is a chance that students might end up studying a second preference elective, so this choice must be made carefully. This second preference subject will be considered only if it is not possible to place students in a first preference elective.

OTHER IMPORTANT POINTS

- Ensure that 'Subject Selection Rank Order' has been used to list preferences in order.
- Subjects only operate if there are enough students choosing the subject. If a subject is withdrawn due to insufficient interest, students who are affected will discuss their preferences with Mr Walsh - Year 8 Deputy Principal.
- Our priority is to place students in first choice subjects where possible.
- Preferences for specific classes or teachers are not able to be considered.
- Once Semester One commences, groups of students in elective classes may need to be changed without consultation until the end of Week 2. Notification of these changes will be by an email to the student and a new timetable issued.

The following is a step-by-step guide of how to select subjects in One School.

1. Log into One school (<https://oslp.eq.edu.au>)
2. Once you sign into your account you need to click on the "My education plan" tab.

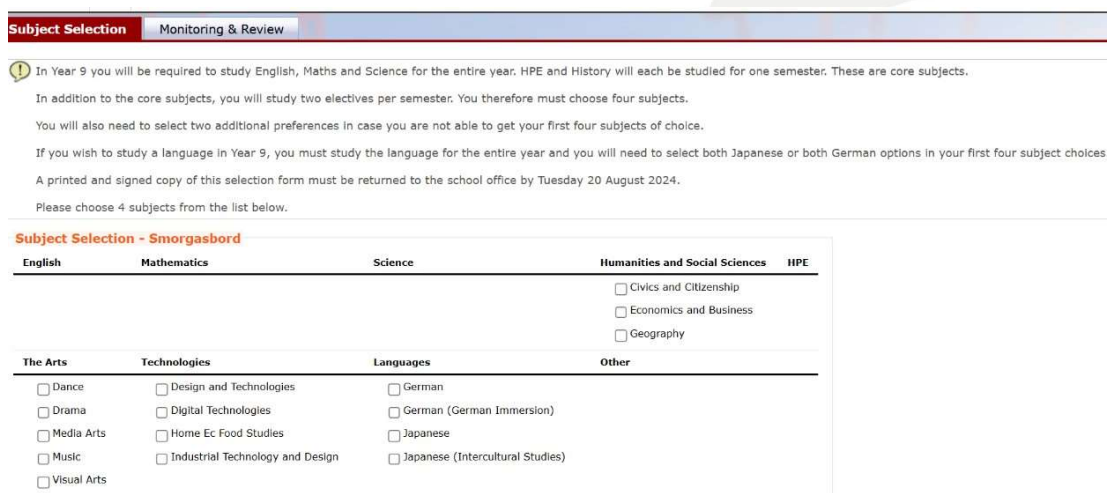

3. You will get this screen and then choose the **Subject Selection** tab.

4. Click the button that says **Year 8 into 9 – 2026 Subject Selections**, and then **SAVE**.

5. The next screen will let you select your subjects. You will only need to select your **electives subjects** and back up preferences. If you don't then it won't save. Follow the instructions at the top of the screen.

6. To save your preference you must select from the drop-down list, then **Add New** and **SAVE**.

7. Return to "Subject Selection" tab to check subjects and print "Subject Selection" report for signing by parent/carers. Submit the signed copy to the office by **Wednesday 27th August 2025**.
