

Pine Rivers State High School

School review conducted 26 to 29 July 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ Proud history of providing a quality, public education.
- ✓ Extensive range of partnerships.
- ✓ Educating the whole student.
- ✓ Diverse curriculum offerings.

Consultation

Total of 212 interviews

10 community members and stakeholders

100 school staff

96 students

6 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Refine the explicit improvement agenda to promote increased clarity, shared understanding, systematic application, and rigorous and successful implementation.
- ➔ Collaboratively review current procedures for student management and attendance to support clarity of understanding and consistent enactment of agreed processes and practices by all staff members across the school.
- ➔ Identify signature pedagogical practices related to focus areas for improvement, and systematically enact a formalised approach for observation and feedback from school leaders to teachers regarding their use of these.
- ➔ Further develop staff members' understanding of, and commitment to, a culture of inclusion.
- ➔ Provide formal and regular opportunities for intentional collaboration that support staff members to build capability in the areas of curriculum planning, pedagogical delivery, and the precise use of data.
